CONTENTS

Architecture and Materials

The Construction Technology of New Subway Station Down Traversing the Existing Operating station ..... ZHOU Jian chun(1)

Machine and Automation

Forging Capability of Magnesium Alloy during High Strain Rate Forging ..... LI Xin, YUAN Ding ling, WU Yuan zhi (6)

Safety and Chemicals

Experimental Research on Depressurization Effect Produced by Double Pressure Relief to the Protected Coal Seam ..... LI Min, NIU Mei ling, JIA Hui qiao(12)

Study on the Determination of Total Sulfur in Coal Gangue by High Frequency Infrared Absorption ..... HUANG Bo wen, ZHOU Kang, LIU Hong wei, et al(20)

Electronic and Information

Research on Objective Evaluation Method for Defogged Image Quality ..... LIU Hai bo, TANG Qun fang, YANG Jie(23)

Fast Single Image Dehazing Method Based on Interval Estimation ..... TANG Qun fang, LIU Hai bo(31)

Parameter Switching Algorithm Based on Chaos Control of Lorenz Fractional Order Systems ..... ZHAO Xiao yu, JIA Ya qiong(38)

Laser's Relative Intensity Noise Measurement Based on Microwave Photonic Link ..... ZHANG Xiao yu, HONG Jun, LI Zu lin, et al(44)

The Application Research on MIMO Technology Used In Indoor Coverage ..... ZHU Yong ping(50)

The Design and Realization of a Housing Intermediary Network Information System ..... ZHOU Rui ling(55)

Basic Theory

The Transformation of Ecological Conscio
